

Series 400 Medium Stile Door

Series 400 Medium Stile entrance doors and frames are built consistently to the highest industry standards ensuring years of dependable service. Job-tested, mechanically fastened and welded corners create a rugged structural corner assembly. All doors offer clean lines and are supplied with unique Astral push/pull hardware, locks and cylinders. These doors can easily accommodate a wide variety of custom hardware to meet specific job requirements. Doors are available in narrow, medium and wide stiles.
